

“

We are the future. We can do anything. We can make changes not just in our lives, but in the lives of millions of others. Technology touches everyone, everywhere, and I want to be a part of that.

— Caitlyn, Boston

#GirlsWhoCode

LIFTOFF CODING SUMMER CAMP

Coding Program at Texas Christian School

Offering a challenging hands-on learning experience with a collaborative, team-oriented environment for building skills with similarly advanced peers. Providing open access for exploring, developing, and teaching web, game, and app developments skills to young minds. Current Katy ISD teachers guide students while opening opportunities in the IT field. Whether a beginner or more experienced programmer, we have a place for you! Come and build your coding skills with us this summer!

All snacks and lunches will be provided.

Ages 9+ welcome!

**June 24th, 2019 – June 27th, 2019.
9am to 3pm.**
