Community Service Opportunity **for Parents and 9th – 12th Grade Students Only**

Wednesday night at least one big tornado went through Onalaska, TX, near Lake Livingston. Mrs. Brown, in the office, has a 90 year old family member whose house was touched by the tornado. She is in need of help cutting trees and moving them to the lot next door to her home. This is good hard labor.

We are taking a crew up Saturday morning to help her with this job.

When: Saturday, April 25th

Time: 8:00 am to approximately 6:00pm

What to bring: Sack lunch, water, money for food, sun screen, bug spray, more water

What to wear: Close toed shoes, comfortable work cloths, hat, mask, work gloves

Rides: If you can drive that is great. If you want, you may ride in the TCS van. Be at school no later than 8:00am

Things to know: There is no electricity, boys will need to use the restroom in the trees and girls in a bucket. There are no bathrooms. This is not a place for little children.

High School students will receive community service hours as well as 5 daily work passes. We need hard workers only.

Spots in the van are limited so email now if you need a ride.

This a great opportunity to help others as the Bible commands us to do. Help us show love to those who are hurting during this difficult time.

RSVP now to tcstigers@yahoo.com

Before coming, honestly answer the following Corona Guidelines:

1. Do you have a temperature of 100.4°F or above?
2. Do you have any signs or symptoms of a respiratory infection, such as a cough, shortness of breath, sore throat, and low-grade fever?
3. In the previous 14 days have you had contact with someone with a confirmed diagnosis of COVID-19; is under investigation for COVID-19; or is ill with a respiratory illness?

4. In the previous 14 days have you or anyone you have come in contact with travelled internationally to countries with widespread, sustained community transmission. For updated information on affected countries, visit: <https://www.cdc.gov/coronavirus/2019-nCoV/travelers/index.html>.
